MASTER IN INTERNATIONAL MANAGEMENT (MIM) CURRICULUM (35 CR)

THE CREDIT SYSTEM

AUC follows the North America grading scheme. Accordingly, coursework is counted in credit hours (CR). Below is a definition of both credit hour and ECTS and conversion between both systems.

- **Credit hour:** coursework is counted in credit hours. In general, a credit hour represents a one-hour class period and at least two hours of individual study each week for one semester. Hence, a three-credit hour course represents 3 hours of class work and 6 hours of individual study per week.
- **European Credit Transfer System (ECTS):** workload ranges from 1,500 to 1,800 hours for an academic year, which means that one ECTS corresponds to 25 to 30 hours of work. According to the above definitions, the credit conversion of the European ECTS and the credit units at AUC is 2 ECTS = 1 credit hour.
