Purpose

The workshop aims to:

1. Provide an overview of the Critical Perspectives on International Business (CPoIB) journal and some guidance on preparing manuscripts for submission.
2. Build research links with the University of KwaZulu-Natal (UKZN) to advance critically reflexive discussions on the nature and impact of international business and organisations, both in the Southern African region and globally.

Who is this event for?

The workshop is primarily aimed at early-career researchers and PhD students affiliated with UKZN and other universities in Southern Africa who are interested in advancing critical debates on international business, management and organisations.

We are planning another workshop for October 2025 to provide developmental feedback and guidance to a selected number of participants, helping them further develop their manuscripts for potential submission to CPoIB.

How is this event structured?

The workshop will last 90 minutes and will be online.
